Sir:

In Office Action mailed June 17, 2003, the Examiner objected to the fact that complete copies of four Japanese publications (as identified on the attached PTO-1449 form) were not provided in the Information Disclosure Statement submitted on October 19, 2001. Full copies of the four documents are now attached for the Examiner's consideration. Translations of three of the documents are also being provided.

It is respectfully requested that the cited references be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom. As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

This IDS is being filed before the mailing date of the final Office Action or Notice of Allowance.

Please charge the IDS fee of \$180 to Deposit Account No. 20-1430.
